The Associate in Arts in English for Transfer degree is a curricular pattern designed specifically to transfer students as English majors with junior status to any university system. Though the Associate in Arts in English for Transfer also provides broad general preparation for English majors entering any university, students must consult the specific requirements of any CSU campus to which they are applying. Students earning the Associate in Arts in English for Transfer will analyze, interpret, and synthesize diverse texts in order to construct well-supported academic arguments and literary analyses, and they will encounter interpretive questions to which there are multiple plausible answers. Students earning this degree will also have exposure to a variety of literary genres and periods and will illustrate a basic understanding of the ways that literature can embody cultural, intellectual, and artistic trends.
