TO: ICAS

FROM: Robert Horwitz
Chair of Special Committee on AB 928

SUBJECT: Recommendation on a singular GE transfer pathway

The Special Committee on AB 928 met three times to discuss the singular general education (GE) transfer pathway. After considering several options and patterns, the group came to consensus on a pattern that it believes satisfies the legislation's requirements for both a clear and transparent singular pathway, and maintaining at 34 the total units required to complete the Intersegmental General Education Transfer Curriculum (IGETC). The recommendation is best understood by Me (

Summary of 5.10.22 email from:

Dolores M. Davison

President, Academic Senate for California Community Colleges

ASCCC Communications

- On April 25, 2022, the Intersegmental Committee of Academic Senates (ICAS) received and voted to approve a recommendation from the ICAS Special Committee on AB 928 (Berman, 2021) that revises the current Intersegmental General Education Transfer Curriculum (IGETC) framework. It will provide a singular transfer pathway that holds the total number of course units to 34 as required by the law while maintaining many key curricular elements important to faculty and moreover beneficial to students of all three systems.
- The ASCCC put together a survey to collect responses to the proposed pathway; the link to the survey can be accessed here: https://www.surveymonkey.com/r/AB928_GE_Survey.

Common Course Numbering for all CCC's

- By July 2024 Common course numbering for GE – law requires workgroup be established who will determine actual timeline
- Big impact on curriculum and articulation – prefixes will change and articulation will be affected
- Lots of Questions – What do we do with courses with same C-ID like MAT 12 and PSY/SOC 48 – two different courses – same with our cross listed courses??
