

Digital Signage Guidelines

Norco College has digital signage located in several areas on the campus and a marquee sign on Third Street. These signs provide an opportunity to share college information and student-focused events with our students and local community. To ensure the digital signs are utilized appropriately and effectively, the following guidelines are provided.

The digital signs are to be used for promotion of college events, programs, and information. Only Norco College departments and registered student organizations may submit requests to post information on the digital signs. Information will be posted as space is available.
