

Program Review - Overall Report

2024 - 2027

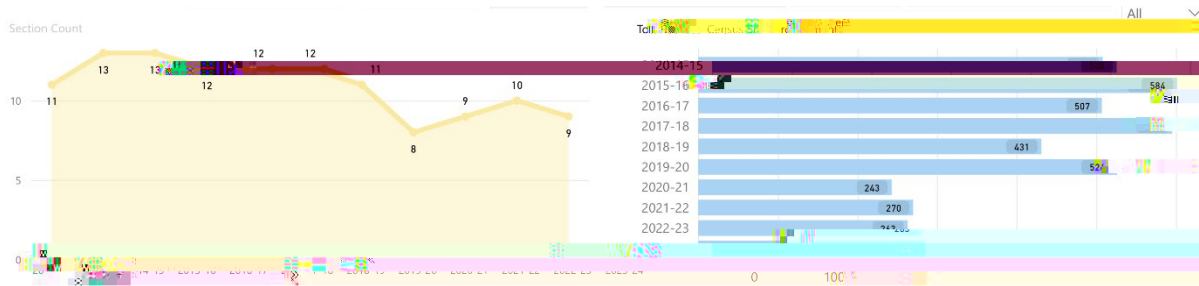

Instructional: Theater

2024 - 2027

Overall Trends

What overall trends do you see in success, retention, program of study, educational planning, and awards over the past 3 or more years?

The THE program has not rebounded at all post-COVID. The full time THE faculty has not been available for on campus teaching and it has impacted the program. The majority of THE course offerings are online. Attempts have been made to offer productions for students but reliable PT instructors willing to support theater productions have been difficult to find. The FT faculty is retiring and a dynamic replacement is needed to build the program.

Disaggregated Student Subgroups

Look at the disaggregated student subgroups in success, retention, program of study, educational planning, and awards for your area. Are there any equity gaps that you will address in the next 3 years?

Significant equity gaps exist for African Americans and Hispanics, more so for men of color. The new FT hire will have to address these issues.

If there are any concerning trends over the past 3 or more years, or if equity gaps exist, what is your action plan to address them?
